EDUCATION

Texas A&M University College Station TX

December 2027

Bachelor of Science in Electrical Engineering

Relevant Coursework: Differential Equations, Digital System Design, Circuit Theory, Signals & Systems, Power Systems, Electronic Systems, Electricity & Magnetism

EXPERIENCE

Tom Green & Company Engineers

Austin, Texas

Electrical Engineering Intern

May 2026 – August 2026

- Utilized Revit to design power distribution plans, lighting plans, and single-line diagrams for commercial and institutional buildings.
- Calculated electrical loads to size branch circuits, feeders, and conduit runs.
- Utilized lighting software and architectural models to design interior and exterior lighting configurations, performing photometric calculations to comply with energy code standards.

Stay Classy Waco

Waco, Texas

Kitchen Manager

November 2021 – May 2023

- Supervised daily kitchen operations, including meal preparation, sanitation and inventory control; managed a team of 4 employees.
- Implemented workflow changes that improved kitchen efficiency by 25%.
- Balanced 20+ hours/week in management duties alongside full academic coursework.

LEADERSHIP & INVOLVEMENT

Professional Brotherhood of Engineers

College Station, Texas

Member, Internal Committee, External Committee

February 2025 – Present

- Served on the External Committee, collaborating with Habitat for Humanity to plan and coordinate weekly volunteer events, enhancing community outreach and member engagement.
- Served on the Internal Committee, organizing study rooms for members to promote academic excellence.
- Actively engaged in the organization with a focus on fostering professional growth and development.

Aggie Gentlemen Society

Galveston, Texas

Recruitment Chair

August 2023 – January 2025

- Coordinated 4 recruitment events within the organization to increase engagement among future and current members.
- Volunteered in 10 service projects within 3 semesters, fostering community engagement and contributing to meaningful growth in the Galveston area.

SKILLS

Revit • ElumTools • ElectroBIM • Photometrics • Load Calculation • Power Analysis • C++ • Python • LTSpice • Circuit Analysis • Digital Logic Design • Microsoft Office • Communication • Leadership
